4a. The side entrance of the Kendeda building will be straight ahead. The entrance is like a wooden box

4b. If the side entrance is closed, or if you need access to the main entrance, turn right and go up the steps to the street (Ferst Drive). When you reach the street, turn left and you will see a gray brick wall. Walk toward that wall and the main entrance will be on your left, also like a wooden box.
